SPECIAL REPORT

Letter From The Editor:

Hi, Q-Linkers! You might have noticed already that this month's issue of the *Q-Link Update* has a slightly different look and a cover that's unusual compared to others from the past few months.

That's because this month we offer you something new: our "Special Report" on our new season line-up! What's that you say, you knew television had new "seasons," but didn't think Q-Link did?

Well, you're partially right. We never clearly declare any one month the *start* of a new "season" — primarily because Q-Link's offerings, its mix of events, parties, and services, are *always* changing. Change is what makes Q-Link the living, evolving community that it is.

But this month, we thought we'd borrow the idea of a new "season" and take a step back for an overview of our nightly programming. We do this for two reasons: we want our new subscribers to see the variety of offerings available on the system, and we want to remind our faithful, long-term members of all the exciting people, events and information Q-Link brings into your home every single night.

Of course, to do that for *all* of Q-Link's offerings would require a lot more space than we have. So for this special report, we've decided to concentrate on conferencing, the nightly opportunities you have to log on and find the world — and a whole lot of people — at your fingertips.

This month, be on the lookout for new guest speakers in the Auditorium. More software publishers than ever before. Spontaneous People Connection rooms and events. Access to experts in a variety of fields, appearing on Q-Link to answer your questions. More games, redesigned areas, new magazines online, and for the second month, our very own talk show host.

The February "premieres" are in addition to your familiar favorites that have become staples in the months you've been with Q-Link.

There's so much to do every night, no matter what your interests are, that we've only been able to cram the highlights of this month's events into this issue. We've presented our information for February in areas grouped by special interests, rather than in the usual departments. And the stories focus on what's new, what's exciting — what's live on Q-Link tonight.

We hope you enjoy this Special Report in the *Update*. Let us know what you think — if it's a hit, we'll round up our events and services on a quarterly basis! It's just our way of saying thanks to you for being a part of Q-Link!

Dear Editor:

I was downloading some programs and they would not download completely. Is there a way to prevent these glitches, and how?

Specter4,
Jonesboro, AR

Well, Spec, some Q-Link members experience trouble downloading lengthy programs while connected to Q-Link through Tymnet. There is a patch program that will correct the problem in most cases. It's called updateq, and can be found as the Q-Link Download Patch in the CIN Software Libraries, in the Q-Link Utilities area under Q-Link Disk Programs.

Complete instructions for loading and running updateq can be found in the description attached to the program file. You may view those instructions before downloading the patch by choosing the Download Patch file and pressing your F1 key.

Follow the instructions to load updateq. When you're done, Q-Link will appear to function as before, but you should experience a decrease in downloading problems. Good Luck!

Dear Editor,

I just E-Mailed a request for this month's Update. It's the ninth of the month and I haven't received mine yet. If the mailing is just late this month, please disregard the request. If they were sent out on time, mine got lost, so please send another.

Larry C40,
Huntington Beach, CA

Since October, the Update has been mailing in the middle of the month preceding the one the issue is for — the December Update, for instance, mailed on November 13th, leaving more than enough time for the issue to reach most Q-Link homes by December 1.

If you are still having delivery problems with your Q-Link Update, you might wish to call our Customer Relations Department and make sure they have your correct mailing address listed in their files. If your address is listed correctly there, try checking with your local post office — ask how they handle bulk-rate mail, which is how the Update is delivered. Bulk-rate mail is a low priority for some post offices, and lodging a complaint might expedite delivery.

To send a Letter to the Editor, go to the Customer Service Center's Members' Online Guide, enter the *Update* area, and choose the Post a Letter to the Editor option. Due to the volume of mail received, the Editor can answer only letters dealing directly with the content of the *Update*.

Attention Sports Fans: Keep Up On Your Favorite Sport In Just For Fun's "The Grandstand℠"

If you're into sports, you're probably keeping up with all the action of your favorite teams in Just For Fun's The Grandstand. If you don't hang out there already, what are you waiting for? The area's geared up now for winter sports talk with regularly scheduled conferences and chat sessions, and The Grandstand itself was recently redesigned to make it easier for you to find information about the sports you want the scoop on!

Be on the lookout for:

Sports Talk: Every Monday and Saturday at 10:30 p.m. in the Grandstand Bleachers. Join the club hosts and the usual band of rowdies for a general round-up of the day's or week's sports highlights.

Hockey Talk: Follow the best NHL teams on the ice and keep on top of the Stanley Cup contenders, **Tuesdays at 9:00 and 10:30 p.m.** in the Grandstand Bleachers.

Baseball Card Forum: Talk to other traders, swap and sell your favorite cards when you get together with fellow baseball card collectors. In the Bleachers on **Wednesdays and Saturdays at 9 p.m.**

Basketball Rap: Keep up with the hottest rivalries in professional and NCAA ball, and discuss the tournament excitement that begins at the end of the month. Tune in **Every Thursday night at 10:30 p.m.** in the Grandstand Bleachers conference area.

Wrestling Forum: Friday nights at 9 p.m. Professional wrestling fans meet in the Bleachers to compare notes on their favorites, who they hate in the sport, and more.

On the weekend, you have two chances to catch great wrestling action at the **Grandstand Wrestling Association (GWA) matches**, where fantasy wrestlers slam each other to the mat and into turnbuckles just like the real thing! You have your choice of hitting the Saturday afternoon matches at 2 p.m. or climbing into the ring for the Sunday night spectaculars at 7:30 p.m., both held in The Grandstand Conference Center's Stadium Club.

The Redesigned Grandstand: The Grandstand's new design debuted last month to make it easier for you to find information about the sports that you want to follow. It offers **The Dugout** for baseball fans, who should try **Bottom of the Ninth,** a special AdventureLink sports game.

Off The Glass is the place to be if you're into basketball, and **The Blue Line** offers updates to hockey fans. **The Squared Circle** has the latest information for wrestling fans and includes the **Grandstand Wrestling Association**.

There's also **The Editor"s Desk**, with sports highlights and the Grandstand Sport Challenge, and even an area called **Sports Products and Hobbies,** where you can swap and sell baseball cards and order sports-oriented merchandise online.

Don't delay any longer — suit up with other Grandstanders and check out The Grandstand tonight!

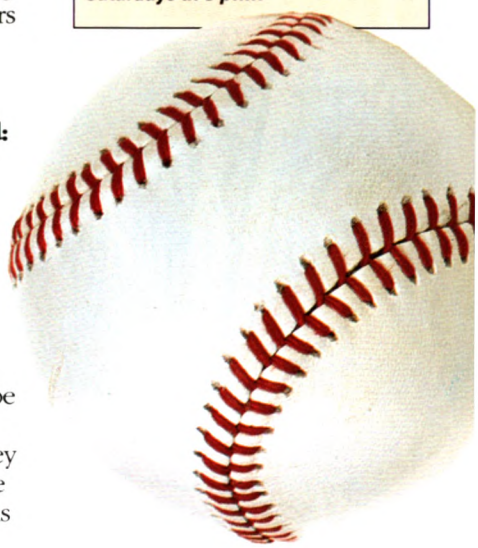
Baseball Card Forum: Talk to other traders, swap and sell your favorite cards when you get together with fellow baseball card collectors. In the Bleachers on Wednesdays and Saturdays at 9 p.m.



Need Quick Computing Help? Visit a CIN Support Group Tonight

No matter what area of computing interests you or what kind of equipment you have, you can find answers to your questions, online support, and plenty of comraderie in the **Commodore Information Network Support Groups.** In CIN's newly-redesigned Conference Center, each of the computing and hardware support groups meet regularly to offer tips and advice in their own conference rooms — some groups meet every night. You can just drop in and get the advice you need, but you'll probably end up staying to chat! There's a group to satisfy everyone.

Computing Support Groups

General/Beginner's: People who are new to Commodore computing or have general questions and don't know where to turn can find help throughout the week — the General/Beginner's Group meets in the Conference Center **Monday through Friday at 9 p.m.** (and has a weekly conference Fridays at 10 p.m.) to offer support to beginners, answer downloading questions, and give advice about all brands of Commodore business machines.

Applications: The group covers a wide range of interests based primarily on utility — databases, word processing and home and business software. The Applications Chat Room, new this month, is open **Monday through Friday at 9 p.m.** for general advice and exchange, and weekly applications conferences are Mondays at 9:30 p.m.

— the General/Beginner's Group meets in the Conference Center Monday through Friday at 9 p.m. (and has a weekly conference Fridays at 10 p.m.) to offer support to beginners, answer downloading questions, and give advice about all brands of Commodore business machines.

CP/M: Fans of this early operating system will find help and hundreds of files to download in the CP/M Support Group. The group meets **Saturdays at 9 p.m.** to discuss the week's conference topic and share insights.

Game World: One of the most active support groups on Q-Link is there to help you with downloading and running programs from CIN's vast public domain game libraries. The group meets informally **seven nights a week at 9 p.m.**, with extra sessions on Saturday and Sunday at 11 a.m. and a weekly conference on Thursdays at 9:30 p.m. The first Saturday of the month at 12:30 a.m., the Game World gang hosts a late night forum in the People Connection Auditorium!

Graphics: The graphics chat room is open **seven nights a week at 10 p.m.** to help people explore the world of Commodore graphics and utilize the remarkable capabilities of their computers. Classes are held in the Graphics classroom Fridays at 9 p.m. and Sundays at 3 p.m., and the group's weekly conference is on Sundays at 9 p.m.

Music Room: This extremely active musical bunch meets online more than any other group — there are informal chat sessions on general topics in the Music Studio **every night of the week at 10 p.m.**, and the MIDI-inspired musicmakers get together to jam at **1 a.m. nightly.** In addition, there's a group conference Wednesdays at 9:30 p.m., and a **Music Trivia Contest Thursdays at 10:30.**

Programmers' Workshop: If you like to write your own programs and improve on others' public domain efforts, this is the spot for you. Advice, program patch leads, and information on various programming languages can be found at **9 p.m. Friday through Sunday** in the Programmers' Workshop Help Sessions, and **Thursdays at 11 p.m.** (the weekly conference is Thursdays at 11 p.m., too.) The first Friday of each month, there's a late-night programming forum in the People Connection Auditorium at 12:30 a.m., and a COMAL Programming Group meets the second Thursday of each month at 10 p.m. in the CIN Conference Center.

Telecommunications: If you're into using your computer and a modem to network with other computerists and public bulletin boards across the nation, the informal Telecommunications Chat and Help room meets **Monday, Wednesday, Thursday and Friday at 9 p.m.** to dispense telecommunications wisdom. The group's weekly conference is held Sunday at 9 p.m., and bulletin board SysOps can trade tips with other BBS operators at the **BBS SysOps' Group meeting Tuesdays at 9 p.m**.

Hardware Support, Weekly Commodore Forums

In addition to the Computing Support Groups listed above, you'll find a CIN Hardware Support Group on Q-Link that can provide guidance and answers about your computer and peripherals. The **C64 Group** meets **Tuesdays at 10 p.m.**, and the **Amiga Alliance** confers **Wednesdays at 9 p.m. Twin Cities/128** answers the call of C128 owners **Monday, Wednesday, Thursday and Friday at 9 p.m.** and the **PC/MS-DOS** group (formerly PC-10/MS-DOS), meets **Mondays at 9 p.m.** to address the personal and business computing concerns of MS-DOS-compatible computer owners.

And every Wednesday at 9 p.m., Commodore gurus and guest experts host **Commodore Forums** in the People Connection Auditorium. With a lineup of computing and hardware support like this, and the software libraries and message boards in every support group area, you're sure to find the answer to all your computing needs on Q-Link!

C'Mon Down and Win Prizes On Q-Link® Game Shows

Sure you've watched game shows on television ... but can you win any prizes that way? Nope, not a thing.

Q-Link changes all that and invites you to play — and win — on our very own game shows! As a contestant, you could walk away with enough Q-Pons to redeem in the Winner's Circle for a color TV, microwave oven, camera, compact disk player, or commercial software! Even if you don't play, you can win — door prizes include Q-Pons you can use to buy Plus time, and are given away to lucky audience members during the show.

Every month, you'll find a full line-up of exciting game shows taking place in the People Connection Auditorium on Q-Link, including:

Terminal Distress — Friday, February 10 at 9 p.m.. Do you have the quick wits and vast computer trivia knowledge that it takes to put yourself in "Terminal Distress"? In this new version of Q-Link's popular "Peril," three contestants are invited up onstage to compete for Plus hours and prize packages from the Winner's Circle. Choose from a number of categories dealing with computers—including "Hardware" "CBM" "CP/M" and "Grab Bag".

It's fast-paced, exciting, and at the end of the show, a final question gives you a chance to double your score and beat your opponents!

Look soon for a special, late-night edition of " Adult Peril" — it's the same concept as "Peril" and "Terminal Distress," but with a racy twist for adults only! Find out more about "Adult Peril" in the Game Show Alliance of Just For Fun's P.C. Studio.

Make Your Best Deal — Saturday, February 11 at 10 p.m.. Don your funniest duds and join our madcap audience; if you're wearing a zany costume, the emcee might choose you to "make your best deal." Trade him an object you've brought with you, then take your pick from a variety of boxes, trays, and curtains that might be concealing valuable merchandise for you to keep — or a booby prize you'd rather do without. At the end of the show, you've got one more chance to make your best deal — and try to win enough Q-Pons to take home the grand prize of the day!

C'Mon Down and Guess The Price — Sunday, February 19 at 9 p.m. When our game show host selects you from the Auditorium audience and calls out your name, join him and three other contestants onstage for a battle of trivia wit and consumer savvy. You'll be asked a tough trivia question; whoever answers correctly will advance to a Prize round.

There you'll guess the price of valuable merchandise, like printers and microwave ovens. Or you'll be given two items and two prices, and asked to match the correct prices to the items. Guess the price correctly, and you'll receive the merchandise! Or, you can risk your prize and press on to try to win more prizes!

But look out — the emcee tests your nerve by tempting you to abandon your pursuit of more wealth with offers of Q-Link Collection merchandise, software, and more! If you plunge ahead and guess the wrong price, you lose everything, and another member of the studio audience takes your place onstage!

The Wheel Watchers Show — Friday, February 24 at 8:30 p.m. Spin the "wheel" and guess the word puzzle in The Wheel Watchers Show!

Three contestants, randomly selected from the audience, compete in three rounds and accumulate points to win great prizes.

Contestants must guess the word or phrase displayed on the screen by "spinning the wheel" and correctly guessing letters. Each correct letter earns points. Winners of the game's two preliminary rounds advance to the Wheel Watchers championship round, where they'll compete for a chance to select a prize from an outstanding showcase of merchandise!

Whew, what a line-up! And you can attend any or all of our game shows *every* month for fun, laughs and lots of prizes! For more information and details on becoming a game show contestant, check in P.C. Studio's Game Show Alliance.

The Mall offers you the shopping convenience of the world's largest online software selection at deeply discounted prices.

Sold to the Highest Bidder!

If you've always had the burning desire to own a special screen name that wasn't available, get in on the name game at **Q-Link's Names Auction**, on **Sunday, February 26 at 9 p.m.** Up for bid — one-of-a-kind (and highly-coveted) screen names that you can buy for yourself or a friend!

As you know, once a Q-Link member creates a screen name, it's theirs alone — it can't be used by another member for six months after the screen name is deleted from the user's disk. People Connection's own Miss Jules has dusted off some of the abandoned Golden Oldie screen names and is offering them to members for resurrection!

Join Miss Jules and emcee RJScott on the 26th at 9 p.m. to bid on the QName you've always wanted. If you come up with the winning bid, the cost will be billed to your Q-Link account, and you or that special friend online will receive instructions on how to add the name to your Program Disk.

For a complete list of screen names going up on the block, check out the People Connection Box Office.

The bidding wars continue at our monthly **Q-Link Auction**, on **Sunday, February 12 at 9 p.m.** in the People Connection Auditorium — you can join in this real auction, bidding on a wide variety of quality consumer electronics, home furnishings, and computer peripherals. Details about the auction and how to pay for your purchases can be found in the People Connection Box Office — put in your bid before the items on the auction block are going, going, gone!

Gaming Connection Spotlight: TSR, Tournaments and Games Forum

The Gaming Connection, Just For Fun's center for people who love games online and off, recently debuted several new services for big-time fun lovers. And in February, Q-Link gamers should plan to attend the special People Connection Auditorium events that spotlight what's hot in the Gaming Connection!

Talk Role-Playing Adventure at the TSR Forum

TSR Hobbies, the marketer of Dungeons and Dragons, hosts a forum **Sunday, February 26 at 10 p.m.** in the Auditorium with Jim Ward, TSR's Director of Creative Development. He'll be there to discuss the books he's authored for TSR, including TSR's "Endless Quests" and "Catacombs" adventure series!

Boxes, Quad 64 Masters: Face Off in February Tournaments!

Now that you've had a few months to get familiar with Q-Link's two newest online games, test your gaming prowess at the **Grand Boxes and Quad 64 Tournaments** taking place this month in the People Connection Auditorium.

Quad 64 enthusiasts will meet to compete in the Auditorium at **9 p.m. on Saturday, February 4.** Slug it out with others in this challenging, 3-D version of tic-tac-toe until a grand master emerges!

On **Friday, February 24 at 10 p.m.**, come try your luck at the Boxes Tournament that will be raging in the Auditorium, as contestants battle to see who's a whiz at this electronic version of the popular pen-and-paper game "Dots."

You don't need to be an expert to enter the competition, and the victors will win Q-Pons that they can redeem in The Winner's Circle for Plus time or valuable merchandise! Come be a part of the action!

News for Nintendo Fans

Q-Link Auditorium emcees Katz and Kunkel bring Nintendo lovers the latest on spring game releases for their home arcade systems at the **Nintendo Forum** on **Saturday, February 18 at 10 p.m.** in the People Connection Auditorium.

Katz and Kunkel, editors for *Video Games and Computer Entertainment* magazine, will share their insiders' knowledge of the home arcade system industry. They'll answer your questions about specific Nintendo games and tell you what exciting releases to look for in the coming months.

Nintendo fans should also check out the Arcade and Video Systems area in Just For Fun's Gaming Connection! You'll find information on home entertainment game systems from companies like Nintendo, Atari and Sega — news about software, hardware, and accessories. You can also get the scoop on what's going on in the home arcade game industry.

Don't forget to investigate the section of tips and hints in the Arcade and Video Systems area that will help you sharpen your playing skills. And your trip to the Arcade and Video Systems area wouldn't be complete without a visit to the Brag Board, where you can post your high scores and see how you rate against other game system enthusiasts!

Travel Resources Make Planning Your Spring Vacation a Breeze

Whether you're planning a business excursion or a trip for spring break, Q-Link offers you two ways to make your plans easily and conveniently.

The EAAsy Sabre® Travel Service, located in The Mall, allows you to make plane, hotel and car rental reservations online. If you haven't used the system before, come find out more about it and get spring travel tips at the EAASy Sabre Travel Forum on **Monday, February 27 at 9:00 p.m.** in the People Connection Auditorium. Barbara Norton of American Airlines will be there to offer guidance on using the service to book reservations and to discuss the new Traveler's Access Service.

You can also use EAAsy Sabre to access weather information for your destination and get hints on how to select flights and find the lowest fares.

This month, if you use EAAsy Sabre to make airline reservations, they'll give you an EAAsy Sabre T-shirt as a token of their appreciation! Find out more in the EAAsy Sabre area on The Mall's main menu.

Once you decide where you're going and how you're getting there, what do you do when you arrive? TraveLink, new to News and Information last month, provides a comprehensive list of festivals and events throughout the United States and Canada that will help with your travel planning, too.

This month, if you use EAAsy Sabre to make airline reservations, they'll give you an EAAsy Sabre T-shirt as a token of their appreciation!

TraveLink listings are arranged first by region, then by state. Each state has a compilation of events planned for the next month in its area and a message board where Q-Link members can contribute their own event information and reviews. The calendars are updated every two weeks, so you'll always have the latest travel information at your fingertips.

With TraveLink and EAAsy Sabre, Q-Link makes it easy to plan trips and vacations from the comfort of your own home!

PREMIERING THIS MONTH

Premiering This Month: Your *Own* PC Room!

You don't need to be a Q-Link staffer to open your own People Connection® room — people are opening their *own* PC rooms, and they're some of the most spontaneous and amusing events on Q-Link!

The possibilities are limited only by your vast imagination. **Argue With Me** is always a provocative choice if you want to choose an issue and start a public discussion on a particular topic. **Star Trek** and **Doctor Who** are popular with science fiction buffs, and **Horror** fans can be found at the Witching Hour (and beyond) discussing Stephen King and Clive Barker. **The Red Dragon Inn**, of course, is the gathering place for Q-Link's adventure role-players when they need to take a load off after a rough game of Dungeons and Dragons.

Looking for people who share your interest in computing? **BBS Callers** will hook you up with the telecommunications enthusiasts, and rooms like **Bards Tale 3 Help** put you in touch with people who have the same commercial software programs as you to exchange hints and tips.

If you're feeling stressed out, pop into regular rooms like **Bonnie's Bar**, **Tammiey's Tavern**, or **JDs Slow Bar** to share a drink with the other patrons. Or you might want to take a trip to a **Tropical Island**, relax in a **Hot Tub**, or look for a few Q-Linkers who have been spotted **Skinny Dipping** after dark.

If you're looking for a pen pal, open up a **Pen Pals Wanted** room and see if you can make a letter-writing connection. **Night Shift** and **Morning Coffee** attract the late night/early morning crowd, and opening a public room with the name of your fraternity or sorority is sure to attract brothers and sisters from across the nation.

Sometimes People Connection rooms with the goofiest names can really start the ball rolling and provide untold fun. **My House is Messier** has been a big hit, and **What Am I Eating** is good for a laugh a minute or more. **Girls Only** and **Teens Only** have their devotees for obvious reasons, and who could resist peeking in **Hiding Out Here** to see *who's* hiding out — and *why*?

You could open a private room for a personal party or a one-on-one discussion, but it could be more fun to create a public room and invite everyone in!

The list of opportunities to join in or open a room goes on and on — **Nightly News, QGraphics, Truth or Dare, Writers' Corner, For Kids Only, Romance, Over 30, Over 50, and Heavy Metal**, to name just a few more.

Anybody can do it — all you have to do is choose the Change Rooms or Enter Box Office option from the main menu of People Connection. Then, select Go To a Public Room and type in the name of the room you want to open (please, no punctuation in the room name — you'll get a message that your choice is not a "legal" room name). Of course, you could open a private room for a personal party or a one-on-one discussion, but it could be more fun to create a public room and invite *everyone* in!

Whatever you're interested in, you can find it — or make it happen yourself — in People Connection!

More to Do ... For VIQs!

Enhanced VIQ Program Includes Private Area, Special Offers and Rewards

Q-Link has completely revamped its VIQ program to make it an even bigger reward for loyal users who have taken the world of Q-Link to heart!

If you've earned enough Q-Pons to achieve VIQ status, special treatment you qualify for includes a private club area online, sneak peeks at upcoming and *Update* offerings, and VIP treatment from our Customer Relations Department!

How to Achieve VIQ Status

It's not difficult to become a VIQ — it may be an exclusive club, but it's not elitist! All you have to do to become a member is accrue 50,000 unspent Q-Pons, either from using the system regularly or winning Q-Pons in Q-Link contests and giveaways. When you've hit that magic 50,000 number, you're in! Even if you subsequently spend your Q-Pons and your balance drops below 50,000, you're a VIQ member for as long as you're part of Q-Link!

Once you're a member of the VIQ Club, you'll find a variety of services and rewards available only to club members.

First, you'll receive **E-Mail congratulating you on reaching VIQ status** and welcoming you to the club. You'll also be mailed a **long-sleeved, white polo shirt printed with the VIQ logo** on the front.

VIQ Access to Your Personal Customer Relations Rep, Private Club Area Online!

As a Q-Link VIQ, you'll receive the name of our **"VIQ Customer Relations Representative", a Q-Link staff member in our headquarters dedicated specifically to handling the concerns of VIQ members.**

Call our Customer Relations Department and identify yourself as a VIQ, or post your service questions in the VIQ Club, and our VIQ Customer Relations Representative will deal with your concerns personally!

Best of all, you'll also have immediate access to the private VIQ Club in Just For Fun's QSociety (Sorry, non-VIQ members — to get inside, you'll have to qualify to join!).

In the VIQ Club you'll find an explanation of your club benefits, a special lounge where you can chat with other VIQ members, and a VIQ Mall with specials on Q-Link Collection merchandise.

And so we can be extra-sensitive to your needs, there will be message boards in the VIQ Club where you can tell us what else you'd like to see in your club area and on Q-Link.

Be Our VIQ of the Month!

Check the VIQ Roster in the club to find out who the other members are, or tell club members more about yourself on the VIQ Profile message board.

There's also a VIQ survey for you to fill out about what you like and would like to see more of on Q-Link. From this information, we'll pick a VIQ of the Month to profile in their own area of the club and in the *Q-Link Update*!

Of course, **one area of the VIQ Club that's already a big hit is the Sneak Peeks section, where we preannounce new services and preview *Update* stories to get feedback from our VIQs.** See what's new online before anyone else does!

"We've wanted to do this new VIQ area for some time now," says Q-Link Assistant Product Manager Betsy Webster, "It's part of a larger effort to let members know how much we value their membership and input. We hope that Q-Link members who aren't members of the VIQ Club now will want to be a part of it and take advantage of the special VIQ services."

If you're already a VIQ, get in on all the exciting extras Q-Link has just for you. And if you're not a VIQ, enter those online contests and giveaways so you can join up soon! Details on becoming a VIQ are posted in the About Q-Pons area of the Customer Service Center's Members' Online Guide.

VIQ of the Month: Lois Seidel (Terilin)

Our first VIQ of the Month, Lois Seidel, is likely a familiar face to Q-Link members who attended the Philly-Fest bash in Philadelphia last November.

Lois and her husband, Dave (Turbo GTS), of Marlton, New Jersey, did much of the party planning with the help of QFriends like Frank Gattuso (Disc Man 1). They started out planning a moderate-sized gathering, but when the guest list reached 100, they called Quantum in to help — and more than 400 Q-Linkers ultimately showed up!

Husband Dave started Lois off on Q-Link when he signed on in September 1986, and very quickly, Lois was hooked: "Dave spent a lot of time on the road, and it was nice to get on Q-Link and chat with all my friends," says Lois. Since she works unusual hours, Lois sometimes gets on Q-Link at 2 or 3 a.m. and still find lots of her West Coast friends ready to chat.

Now she and her husband socialize regularly with a tightly-knit group of about 40 Q-Link friends centered around the Philadelphia area.

You're likely to find Lois online in the Red Dragon Inn or, she admits sheepishly, "The Casino — I like to gamble."

And watch out, Philly-Festers — plans are in the works for another big blowout in February or March, this time in Baltimore!
